

About: G.E.T.

G.E.T. Enterprises is the leading manufacturer of creative tabletop solutions crafted from melamine and alternative materials. For over 3 decades, G.E.T. has pioneered break-resistant servingware, drinkware, and custom designs that have strengthened operations and brands around the world.

G.E.T.'s products are exclusively designed to serve commercial foodservice needs while enhancing tabletop presentations. G.E.T. offers operators the ideal alternatives to ceramic, glass, and disposables through an expansive portfolio of over 3,500 items. G.E.T.'s versatile products have the look and feel of traditional materials with longer service lives, reduced liability, and fewer replacement expenses. G.E.T. products are used everywhere - from restaurants, hotels, casinos, colleges and universities, to nightclubs, cruise lines, and more. Utilizing G.E.T.'s in-house custom imprinting and expert design services, clients have further increased brand-awareness, enhanced dining experiences, and made a lasting impression on their customers.
